

CHÂTEAU DE LANTIC

SPECIFIC HYGIENE MEASURES AT CHÂTEAU DE LANTIC

Our hygiene coordinator trains all employees in new practices and ensures that all procedures are followed on a daily basis. This specific training helps protect you and yourself.

In case of symptoms suggestive of a contagious disease, our employees are asked to inform their supervisor immediately and, as a precautionary measure, not to report to work.

All our staff take particular care to maintain and disinfect the equipment and all contact points (handles, switches, control buttons, etc.), which are disinfected several times a day.

Hydro-alcoholic gel is available at the entrance to the establishment.

For your comfort, your bill will be sent to you by e-mail at the end of your stay. We prefer payment by credit card. Your room key will be carefully prepared and handed to you on arrival.

Our welcome booklet in every room is disinfected between guests.

During your stay, a daily bedtime service is provided in your room. If you prefer our team not to intervene, please let us know: we will fully respect your choice.

Our breakfast is served as a buffet. On request, it can also be served in your room, for your convenience.
